3-Bed House with Private Pool

€450,000

Pyla, Larnaca

This resale house was built in 2006 and offers 126 square meters of interior space arranged across three bedrooms and one bathroom. It is sold fully furnished, meaning the furniture already in place transfers with the sale, so the rooms are ready to use from day one.

The layout gives each of the three bedrooms its own space alongside a single bathroom, all within the 126 square meter footprint. Because the property comes furnished, buyers avoid the immediate cost and delay of outfitting the interior themselves.
